safeTALK Training
May 19, 2011
1:00-5:00

Course Description:

safeTALK, about three hours in duration, is a training that prepares anyone over the age of 15 to identify persons with thoughts of suicide and connect them to suicide first aid resources. Most people with thoughts of suicide invite help to stay safe. Alert helpers know how to use these opportunities to support that desire for safety. As a safeTALK-trained suicide alert helper, you will be better able to:

- move beyond common tendencies to miss, dismiss or avoid suicide;
- identify people who have thoughts of suicide;
- apply the TALK steps (Tell, Ask, Listen and KeepSafe) to connect a person with suicide thoughts to suicide first aid, intervention caregivers.

Powerful video clips illustrate both non-alert and alert responses. Discussion and practice help stimulate learning. Learn steps that contribute to saving lives.

Registration Fee: $25 per person. If the minimum registration requirement of 30 participants is not met by May 1st, we reserve the right to cancel the training.
